

# Business Technology Solutions Associate

Pune | Gurugram

**ZS** is a place where passion changes lives. As a management consulting and technology firm focused on improving life and how we live it, we transform ideas into impact by **bringing together data, science, technology** and **human ingenuity** to deliver better outcomes for all.

The Technology group at ZS helps clients define and execute their technology strategy across BI, cloud, data management, dashboards, and analytics — building custom IT solutions that improve commercial effectiveness.

The Solution Delivery team delivers technology solutions in BI, analytics, information management, reporting, and mobility, and configures ZS's proprietary platforms used by commercial teams at client organizations. The team owns end-to-end delivery — leading design, development, and collaborating on business requirements and testing.

As a BTSA, you'll build scalable, high-impact solutions that transform how our clients operate.

## What you'll do

- Learn our clients inside-out — their business, domain, and data — by working closely with ZS experts.
- Collaborate across data, domain, technology, and AI to design and build solutions that create real client impact.
- Build, test, and deploy technology solutions using diverse tools and tech stacks, following ZS's delivery standards (Agile, Waterfall).
- Work hands-on with AI-powered tools and platforms to accelerate solution development and help build reusable AI assets for clients.
- Contribute to key deliverables — solution designs, prototypes, technical architecture, test cases, and post-go-live support.
- Support project planning and delivery, while staying aligned with audit, compliance, and quality standards.
- Communicate proactively with team members and stakeholders — flagging risks early and keeping delivery on track.
- Keep learning — pick up new tools, tech, and ways of working to grow as a well-rounded technologist and consultant.

## What you'll bring

- Bachelor's degree in Computer Science, IT, Engineering, or a related field.
- Familiarity with Big Data and cloud platforms (AWS, Azure, or GCP).
- Working knowledge of productivity tools like Copilot and SQL generation.
- Foundational understanding of AI & GenAI — LLMs, prompt design, and responsible AI use — with curiosity to go deeper.
- Hands-on comfort with AI-assisted dev tools (GitHub Copilot, ChatGPT, or similar) for coding, analysis, and documentation.
- A learner's mindset — self-driven to pick up new tools, languages, and domains.
- Clear communicator — articulates ideas and issues confidently to teams.
- Client-first mindset with a passion for delivering value.
- Strong ownership and accountability for high-quality outcomes.
- Collaborative, structured problem-solver.
- Open to domestic and international travel as business needs require.

A great place to work  
**We earn multiple workplace  
awards each year**

our full  
award list**

## How you'll grow

- Cross-functional skills development & custom learning pathways.
- Milestone training programs aligned to career progression opportunities.
- Internal mobility paths that empower growth via s-curves, individual contribution and role expansions.

## Hybrid working model

ZS is committed to a Flexible and Connected way of working. ZSers are on-site at clients or ZS offices three days a week. Combined flexibility to work remotely two days a week is also available. The magic of ZS culture and innovation thrives in both planned and spontaneous face-to-face connections.

## Perks & Benefits

At ZS, your growth matters. We offer a comprehensive total rewards package that supports your health and well-being, financial future, time away, and professional development. With robust skills-building programs, multiple career progression paths, internal mobility, and a deeply collaborative culture, you'll have the opportunity to do meaningful work, expand your capabilities, and thrive as part of a global community. For details on total rewards in India, visit [ZS India office locations](#) | [Where we work](#) | [ZS](#).

At ZS, we aim to nurture an inclusive and high-performing culture where every individual feels valued, respected and empowered—and can flourish. [Learn more](#) about inclusion and belonging efforts and the ways we foster community through education, leadership programs, networking and our employee-led groups.

ZS is an equal opportunity employer and is committed to providing equal employment and advancement opportunities without regard to any class protected by applicable law.

---

## To complete your application:

- Candidates must be currently pursuing a B.Tech degree in one of the eligible branches listed on Superset. Dual degree and Master's degree candidates are not eligible to apply.
- Applicants must be citizens of India. OCI (Overseas Indian) passport holders are not eligible to apply
- Candidates must have a consistent academic record with a minimum of 70% (or equivalent CGPA) throughout their academic career — including Class X, Class XII, and all B.Tech semesters declared to date (including the most recent semester result).
- Candidates must have no active backlogs at the time of application and throughout the recruitment process.
- For further details on the next steps and eligibility criteria, please connect with your Training and Placement Office (TPO)
