

Decision Analytics Associate

Pune | Gurugram

ZS is a place where passion changes lives. As a management consulting and technology firm focused on improving life and how we live it, we transform ideas into impact by bringing together data, science, technology and human ingenuity to deliver better outcomes for all.

The Insights & Analytics group is a dynamic collective of thinkers and experts. We learn quickly and are committed to using data to drive better outcomes for all. By partnering with clients to design solutions rooted in advanced data analytics—augmented by AI and creative problem-solving—we bring passion and purpose to making a life-changing impact every day. Decision Analytics Associates gain hands-on experience from day one. Learning from smart, experienced and supportive mentors, you'll rapidly build consulting and advanced analytics skills. Real-time feedback, a focus on analytical upskilling and direct exposure to client challenges ensure fast learning and continuous improvement.

What you'll do

- Analyze complex datasets and develop statistical, predictive, and simulation models to generate actionable business insights.
- Apply decision analytics and optimization techniques to solve business challenges and support strategic decision-making.
- Design and develop analytical solutions using industry-standard tools, technologies, and proprietary platforms.
- Collaborate with clients, consultants, data engineers, and domain experts to translate business problems into data-driven solutions.
- Present analytical findings and recommendations to stakeholders, enabling informed business decisions.
- Support the implementation of customized analytics solutions that drive measurable business impact.
- Leverage AI-powered tools and platforms to enhance analytics workflows and contribute to AI-enabled solutions and assets.

What you'll bring

- Bachelor's degree with specialization in B.Tech/BE all branches.
- Results-oriented, client-focused and outcome-driven self-starter, comfortable with complexity and ambiguity, with strong ownership and accountability in delivering work.
- Strong critical thinker and problem-solver with excellent presentation and interpersonal skills able to tackle complex consulting challenges, translate data into actionable insights, and collaborate inclusively with diverse teams.
- Foundational awareness of AI and generative AI concepts — including prompt design basics, and responsible AI use — with curiosity to deepen this knowledge on the job.
- Knowledge of how large language models work
- Comfort experimenting with AI-assisted development tools to accelerate coding, analysis, or documentation tasks.
- English fluency & willingness to travel domestically and internationally.

A great place to work
**We earn multiple workplace
awards each year**

our full
award list**

How you'll grow

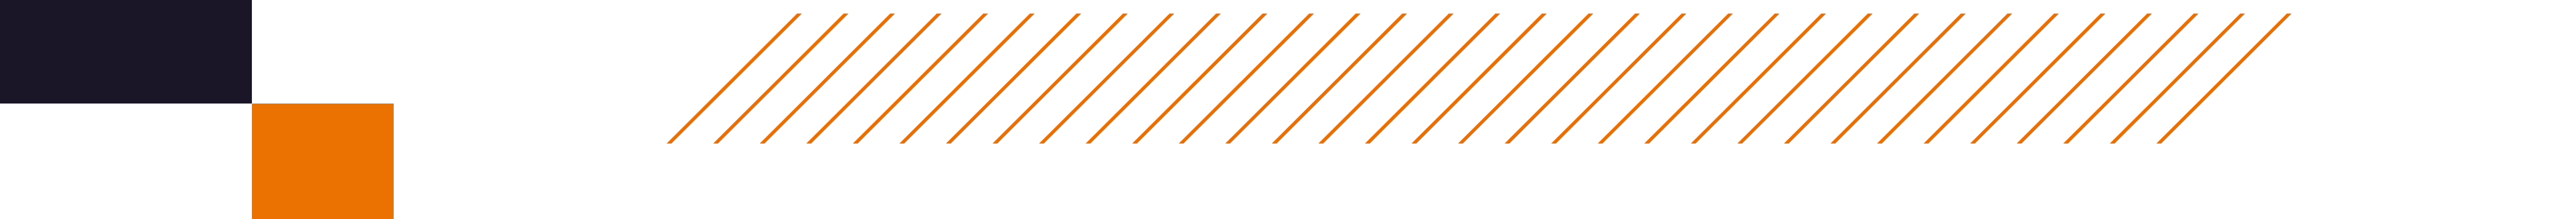

- Cross-functional skills development & custom learning pathways.
- Milestone training programs aligned to career progression opportunities.
- Internal mobility paths that empower growth via s-curves, individual contribution and role expansions.

Hybrid working model

ZS is committed to a Flexible and Connected way of working. ZSers are on-site at clients or ZS offices three days a week. Combined flexibility to work remotely two days a week is also available. The magic of ZS culture and innovation thrives in both planned and spontaneous face-to-face connections.

Perks & Benefits

At ZS, your growth matters. We offer a comprehensive total rewards package that supports your health and well-being, financial future, time away, and professional development. With robust skills-building programs, multiple career progression paths, internal mobility, and a deeply collaborative culture, you'll have the opportunity to do meaningful work, expand your capabilities, and thrive as part of a global community. For details on total rewards in India, visit [ZS India office locations](#) | [Where we work](#) | [ZS](#).

At ZS, we aim to nurture an inclusive and high-performing culture where every individual feels valued, respected and empowered—and can flourish. [Learn more](#) about inclusion and belonging efforts and the ways we foster community through education, leadership programs, networking and our employee-led groups.

ZS is an equal opportunity employer and is committed to providing equal employment and advancement opportunities without regard to any class protected by applicable law.

To complete your application:

- Candidates must be currently pursuing a B.Tech degree in all branches listed on Superset. Dual degree and Master's degree candidates are not eligible to apply.
- Applicants must be citizens of India. OCI (Overseas Indian) passport holders are not eligible to apply.
- Candidates must have a consistent academic record with a minimum of 70% (or equivalent CGPA) throughout their academic career — including Class X, Class XII, and all B.Tech semesters declared to date (including the most recent semester result).
- Candidates must have no active backlogs at the time of application and throughout the recruitment process.
- For further details on the next steps and eligibility criteria, please connect with your Training and Placement Office.
