## EDUCATION

### Vellore Institute of Technology

B.Tech in Computer Science (AI & ML) | CGPA: 9.06

### St. Columba's School

12th Standard, CBSE | Percentage: 94%

Vellore, TN

Aug 2023 – May 2027

New Delhi, India

March 2022 – May 2023

## PROJECTS

### NullPointerException – Touchless Gesture Control System | *MediaPipe, OpenCV, PyAutoGUI*

🕒 | 2026

- Built a **webcam-based touchless HCI system** that fully replaces the mouse using real-time **MediaPipe hand-landmark tracking**, supporting cursor movement, click/drag, scroll, zoom, and screenshot gestures.
- Designed a **dual-hand gesture protocol** with mode-switching (volume, brightness, Alt+Tab, zoom) via left-hand gestures mapped to right-hand motion; integrated **pycaw, pystray, and psutil** for OS-level audio, tray, and power-aware control.

### Diesel Engine Air Leak Detection System | *Python, SVM, Autoencoders, Scikit-learn*

🕒 | 2026

- Built an **ML-based diagnostic system** detecting air leaks in diesel engines under stable load; generated a **synthetic physics-based dataset** simulating airflow anomalies across subsystems.
- Engineered a **multi-model pipeline** combining **Mahalanobis distance, SVM, and 4 Autoencoder architectures**; delivered **go/no-go output** with confidence scoring and leak localization.

### E-Summit Website & Quiz Platform | *Next.js, TypeScript, MongoDB, Tailwind CSS, Vercel*

🕒 | 2025

- Contributed to a **team-built event platform** for VIT's flagship fest handling **2,000+ registrations** with zero downtime; **solely engineered a real-time quiz module** with live leaderboards for **1,000+ participants**.
- Leveraged **Next.js SSR, TypeScript, and Vercel** for optimized rendering and high availability using **MongoDB** for scalable storage under concurrent load.

## SOCIETAL & ORGANIZATIONAL

### Senior Committee Technical Member

🕒 | 2024 – 2025

*Entrepreneurship Cell, VIT Vellore*

- Contributed as part of the **technical team** to develop the E-Summit online quiz platform, which was used by **2,000 students**; collaborated with design and content teams to support smooth execution and participant access.

### Organizing Committee Member

Certificate | 2024

*Gravitas (Tech Fest) & Riviera (Cultural Fest), VIT Vellore*

- Managed logistics and scheduling for **10+ events with 500+ attendees**; bridged communication between volunteers, faculty, and guests.

## TECHNICAL SKILLS

**Languages:** Java, Python, C/C++, JavaScript, TypeScript, HTML/CSS, Bash

**Frontend:** React, Redux, Next.js, Tailwind CSS, Material-UI, Framer Motion, Streamlit

**Backend & ML:** FastAPI, Django, Django REST Framework, NumPy, Pandas, Matplotlib, Scikit-learn

**Databases & Tools:** MongoDB, PostgreSQL, MySQL, Appwrite, Git, GitHub, Vercel

## ACHIEVEMENTS & CERTIFICATIONS

- Ranked **Top 7 of 300 students** in CS AIML at VIT. ([View Certificate](#))
- IBM DevOps V2 Fundamentals** — CI/CD, version control, and containerization. ([View Certificate](#))
- IBM DevOps, Agile & Design Thinking** — agile workflows, sprint planning, collaborative product design. ([View Certificate](#))
- Supervised ML: Regression & Classification (Coursera)** — linear/logistic regression, model evaluation, overfitting control. ([View Certificate](#))
- AWS Certified Cloud Practitioner (Amazon Web Services)** — cloud fundamentals, AWS core services, security, pricing, billing, and architectural best practices. ([View Certificate](#))
